Luke 22:43

And there appeared to him an angel from heaven strengthening him

Here is a quick tutorial on how I created my 3D Angel page

First trace the angel pattern on watercolor paper or cardstock and then cut around it

Then tape off your page, I used a washi tape. HINT: place the strips of tape first on your clothing to get the initial “tack” off of it. This way it will not hurt your paper when you remove it.

I used Pan Pastels for my yellows. LOVE this stuff! I first did my yellow and then towards the tape I shaded with an orange.

Gently remove your tape. And it’s like the heavens opening before your eyes!! I love big reveals lol Next I used a bit of Inktense pencil for the flesh on my angel and I folded my angel in half. I have some “dots” that are sticky and put them behind her to stick to the binding. I am sure a glue would work too. Add your lettering or not, make it

yours.
